

## SUMMONS

Any summons received to report to court may use these instructions. Or any claim from the IRS, human health services, traffic ticket, etc.

If you have a passport, it is very rare you will get a summons of any kind as hopefully you used the passport procedures to notify and to stop all these intrusions. They will test most people at some time.

Those who got a summons will find it uncomfortable, but it works.

Traffic tickets, Internal Revenue Service, child custody cases, human health services, etc. will follow this procedure.

Attach a copy of passport if one has one.

This does not need to be notarized.

Send the above 1817 statement to the court and forget it. Do not go to court as anything after this makes the civil officer and the United States liable. If one does go to court, it nullifies the process. Any injury one needs to go to restitution document for further instructions.

If a house lien is still intact 3-4 weeks later, go to the restitution document.

If one goes to court, they will highly likely be run over. So, stay away and if you insist on going you must again file documents and do not go or answer any other responses. It is not, NOT! your trial by jury court. It is a legislative court and not the court of the 1800's. In the 1930's they changed the court to a pure legislative court.

Then go to the restitution document
