Case #

Motion for Judgment

Gideon is a citizen of the Republic, The United States of America, with allegiance to the United States Republic. Gideon claims Article 6, Paragraph 1 of the Constitution for the United States of America, that the Republic agreement amongst sovereigns be honored; that all men are equal. Article 4, Section 4 guarantees one the republic. The United States FRCP 38 guarantees a trial by jury, Amendment 7, as Gideon demands it be honored.

State of Oklahoma must demand FRCP 38, Amendment 7, be honored, or this matter is frivolous for lack of standing. Further it requires plaintiff to come with a claim of harm.

State of Oklahoma has ten days response time to bring forth standing under FRCP 38. STATE OF OKLAHOMA has been notified by USPS with this document on 2/25/23:

Without the aforementioned brought forth, it is a matter of fact that plaintiff brings a frivolous claim, and this matter requires immediate dismissal without a court hearing.

Requiring a court hearing is denial of the fact of the law as stated.

Motion for Judgment:

This matter must be dismissed with prejudice immediately and without a court hearing, as there is no debate.

I declare under penalties of perjury of the laws of the United States of America, these statements to be true and correct.
